RE: NOTICE TO ALL HOUSING PARTICIPANTS

The Housing Authority of the Seminole Nation of Oklahoma has recently experienced a cyber intrusion into its housing data system that has compromised existing records of current and former housing tenants/homeowners. The issue was resolved. A new more updated Firewall will be put in place to protect against any future hijack attempts, along with, a remote backup site to safeguard our information.

We do not expect any further issues associated with this situation. But please be aware of scam email or telephone campaigns targeting victims of this breach, which might seek to steal or use personally identifiable information. If you believe you have been the victim of a crime related to this data breach, please contact us immediately.

Your safety and security are extremely important to us. We have and will continue to implement safeguards to prevent any similar activity in the future. We appreciate your cooperation and attention to this matter. If you have any questions or experience any problems associated with this situation, please contact me at (405)257-6604.

Sincerely,

A handwritten signature in black ink, appearing to read "Rebecca Stone".
